A BIG TAX TEST CASE.

The County Commissioners and Assessors Collide

WITH TWO BIG CORPORATIONS.

Jones & Laughlins, Limited, and the Dollar Savings Bank

OBJECT TO THE THREE MILL TAX

The County Assessors have as yet not made much progress, at least but little has been reported at the County Commissioners' office, but Assessor Joseph M. Wilson has already run against two snags in the Second ward. Jones & Laughlins' Limited, and the Dollar Savings Bank objected to throwing up their hands, figuratively speaking, and though the precise objection is not very definitely stated as yet, it appears they claim that under the act of June 1, 1889, they are exempted by the twenty-first sec-State only. In a precept issued by the

THE LAW QUOTED.

Assessors and County Commissioners should notice the difference between the act of June I, 1888, under which taxes for State purposes are now to be assessed and collected, and the act of June 30, 1885, under which they have been previously assessed and collected. Under taxation at the rate of 3 mills on each dollar of the value of the same, the exceptions being successfully it can do this the more useful or negotiated by any bank, banking institution, savings institution or trust company, nor to building and loan associations, nor does it tax the mortgages, judgments and other securities of corporations, limited partnerships and joint stock associations that pay a capital stock tax to the Commonwealth directly, providing such mortgages, judgments and other securities constitute a portion of their assets included within the apprised value of their capital stock upon which a tax is paid to the Commonwealth.

solvent debtors over and above what enters the is paid by it to the Commonwealth directly, uld be returned to the assessor for purposes of taxation, as also all judgments, mortgages and other securities held in a fiduciary capaciity or not otherwise excepted. * * * * * * Corporations, limited partnerships and joint stock associations organized excutavely for manufacturing purposes, excepting companies engaged in browing and distilling and compa-nies that enjoy and exercise the right of emi-nent domain, are exempted from the payment of a capital stock tax to the Commonwealth; and whatever mortgages, judgments, moneys flue from solvent debtors or investments they sor for taxation; and in all cases where they refuse or neglect to make such returns the assessor should estimate a return as in the case of individuals, to which estimated returns the proper Board of County Commissioners or Board of Revision of Taxes should add 50 per centum as the penalty for neglect to make the

WHAT TAXPAVERS MUST PAY ON.

The return of personal property taxpayers are required to make includes all loans or shares of stock owned by you of a railroad side of Pennsylvania; also, the same class of securities owned by you of manufacturing, mining and other companies chartered by and doing business in other States; also, mortgages, judgments and other securities of saving fund institutions of this or other States that do not have a capital stock; also mortgages, judgments and other securi-ties of mutual insurance companies of this or other States; also, mortgages, judgments and other securities of any corporation, limpartnership, or joint stock association of this Commonwealth, or that operates and does business in this Commonwealth, which does not pay a capital stock tax to the Commonwealth. This will include mortgages, judgments, investments and moneys due and owing to all corporations, limited partnerships and joint stock associations organized and engaged in any manufacturing business of whatever kind or nature it may be.

It is held that the Dollar Savings Bank has no capital stock. The 3 per cent tax on its \$13,000,000 of mortgages, securities, etc., would be something like \$40,000, and were the Commissioners in default of return to add 50 per cent, as they would have power, if it be shown that a return should be made to them would aggravate the matter to the extent of \$15,000 or \$17,000, and the significance when all the county is canvassed be-

comes very great.

The attorneys of the corporation named conferred at length with the Commissioners yesterday, and County Solicitor Geyer's attention was called to the matter. He stated that he wasn't ready to give an opinion, but hand to think the meaning of the law seemed to think the meaning of the law would not be difficult to reach. It is proposed to get up an amicable test case and have the matter settled by the Court as soon as possible, so that the work of making as-

PAMILY MEDICINES.

pendent Subject. What constitutes a family medicine? This is a question in which all parents are deeply interested. There are medicines that sail under the name of family medicines that have very few of the requisites demanded for household use. In the emergencies that are likely to arise at any time in the family they are always found wanting. They may be good medicines in many respects, and yet then it comes to the peculiar qualities, the possession of which entitles a medicine to the name of family medicine, they are

utterly lacking.
In the first place, family medicines that are family medicines in fact as well as in name, must cover all the diseases that are likely to break out at any time in a family. It may be a simple cold, or it may be con sumption; it may be the whooping cough, or it may be cholera morbus; but what-ever it is, light or severe, comparatively harmless or extremely dangerous, a family medicine must be able to check and to cure it. Then it must act promptly and effectively. The disease may be as violent as it is sudden, and unless a medicine acts promptly in nine cases out of ten it is use-less. In any event it cannot be relied upon, and a family medicine must, above all things, be reliable. Then it must be good tion from making the return demanded by the local assessor, but are amenable to the and pleasant, also, for otherwise the children will not take it. The children, it must be Anditor General for the guidance of Assessors and County Commissioners is found the following:

borne in mind, are a very important part of the family, and their tastes as well as needs must be consulted. Then further, a family medicine must be reasonable in price. The rich are the few, the poor are the many. A family medicine that finds its way into rich families only is not truly entitled to the name. But a medicine that is high in price cannot be kept in the house by poor people. They cannot afford to buy it. Therefore the price must be adjusted to ties and moneys owing corporations by solvent debtors could not be taxed, but under the act of June 1, 1889, they are all made subject to as well as a cure. Part of its usefulness should be to keep discrete must be adjusted to meet their financial circumstances, Again, a family medicine ought to be a preventive as well as a cure. Part of its usefulness should be to keep discrete. that the act does not apply to notes discounted it is. But, above all, it must be such that it can be made use of by the members of the family without calling in the aid of a physicisn. This is unquestionably one of the principal attributes of a true family medi-

Medicine-would practically be meaning Such are the qualities that constitute family medicines that truly and justly deserve the name. In how many medicines will these qualities be found? In very few, in-AMOUNTS BEYOND CAPITAL STOCK.

Whatever a corporation, limited partnership few, by the common consent of all who have given them a trial, are the three great famor joint stock association has in the way of mortgages, judgments and moneys due it from ily remedies—Pe-ru-na, Man-a-lin and Lacu-pi-a. Every essential quality and imvaluation of the capital stock upon which a tax portant characteristic given above is possessed by these remedies in a marked degree To begin with, they cover all the diseases likely to break out at any time in any family. If it is consumption, or pneumonia, or pleurisy, or bronchitis, or asthma, or croup, Corporations, limited partnerships and joint stock associations organized exclusively for manufacturing purposes, excepting companies engaged in browing and distilling and companies that enjoy and exercise the right of eminent domain, are exempted from the payment of a cantial stock tax to the Compromedition. diphtheria, or typhoid fever, or erysip-las, or yellow lever, or rheumatism, or female diseases, or acute diseases of the skin, Pe-ru-na will cure them all, and cure them in a marvelously short time, If

it is constipation, or biliousness or piles, or any kind of trouble with the liver, Man-alin will cure it promptly and effectively. If it is catarrh, or running of the ears, or chronic rheumatism or scrofula, or chronic ulcers, or constitutional skin diseases, or any blood disease, however violent, La-cu-pi-a will cure it, and do so in a way that will demonstrate its power in a most conclusive manner. In the second place, Pe-ru-na, Mar-a-lin and La-cu-pi-a act promptly and Under the old act savings banks were not required to make return to the local assessor and, in construing the provisions of the last and young alike. In the fourth place, they are safe and pleasant to take, and good for old and young alike. In the fourth place, they and, in construing the provisions of the last act, Assessor Wilson and the Dellar Savings Bank do not agree. The controversy, however, between the corporations noted and the assessor is not acrimonious, but it is necessary that it be settled amicably nevertheless.

The matter of particular interest to the County Commissioners is this: They must County Commissioners is this: They must tually prevents constipation, and thus keeps provide for the cost, and in making their establishment to the system regular. In the sixth place, and timate they want to get as near right as pos-sible. They do not want to run the risk of not only medicines for tamily use, but are to be used by the members of the family in curing themselves, thus saving time, trouble and doctor's bills. By every attribute and mark, therefore, of a true family medicine,

advertised would not for a single day be without them. As such, finally, they are recommended for trial to those who have never tried them, with the assurance that they will be found to be, in every respect and in each particular, exactly what they are denominated-the three great family remedies.
